

Signature of MOU between MEPU and IEA – May 2018

The Ministry of Energy and Public Utilities and the Institute for Environmental Analytics (IEA), a non-governmental organisation based at the University of Reading, U.K., have signed a Memorandum of understanding (MoU) in May 2018.

The IEA is a cutting edge Research and Development organisation focused on applying big data analytics in the environmental sector. The IEA specialises in making sense of environmental data through applying its skills in machine learning, data analysis, system design and visualisation to produce data-driven analytics platforms and software.
